Capo 2

Intro: G C Em C G C Em D C C

Versel:

G C For plenty of years I worked on my own
Em D Saving my money to buy me a home
G C Worked my own hours and at my own pace
Em D Saw what I wanted as my mind creates.

Verse 2:

G C I thought it was time to settle things down
Em D (So I) Gathered my money to see what's around
G C With what I had earned, working on my own
Em D (I could) Barely afford a place to call home.

Chorus:

C G (But You) Found me there
Em A And told me what life was for
C C Now I know and now I'll show
C D That You have taken me...from my house to Yours

<Repeat Intro>

Verse 3:

G C With floors made of silver and windows of gold
Em D I live in a kingdom where life is controlled
G C He makes sure I'm happy, and gives what I need
Em D He calms all my worries, and makes me so free.

<Chorus>

Refrain:

Am G From a house without ceilings and a house without floors
Dsus D You gave me Your healing and opened my doors
Am G From my life without meaning and a life without truth
Dsus D You've kept me believing, believing in You.

<Chorus>
